Prerequisites

Advanced or equivalent
25 cold water logged dives

Dive a 35' custom dive boat on spectacular sites 15 minutes from Hornby Island Diving's spacious lodge. Drying facilities and charging tables in the lodge support cold water diving, scootering and photography. Gourmet meals are served including Tuesday's arrival dinner and Friday's departure breakfast. After each dive we'll return to the lodge to enjoy our surface interval in comfort (with great snacks) while our tanks are filled. If you are a camera buff prepare to take stunning photos of exquisite life that abounds in the currents which run up the strait surrounding the island. 6 gills start arriving in June. Perhaps we'll encounter one during our dives. The stepped diving terrain and

walls provide opportunities to go as deep as you are certified to go. \$525* includes 3 nights; 2 boat dives/day for 2 days; shore diving; air; lodging; food; sales tax; and exchange fees. Non diving partners can join us for \$315.50* inclusive. Nitrox, argon, extra dives and tips payable directly to Hornby Island Diving. HID does not accept credit cards. We'll depart Hornby Island Friday AM after 2 days of unrushed diving and return to Portland or travel to Porpoise Bay (June 13-15) for more diving. \$200 non refundable deposit at Pacific Watersports . Remaining payment by May 25th to Michael Horodyski in check or cash. Payments non refundable after May 25th.

**Additional charge may occur if exchange rate or fuel prices change significantly*
